

Uses

For general purpose but effective battery power.

For use in devices of which the current continuously being used is normally low or devices used periodically.

Example markets: Offices, households, mobility, education, retail, hospitality.

Devices

Examples are:

- Keyboards/mice
- Printing calculators
- Wall/alarm clocks
- Portable speakers
- Toys
- Flash lights
- Radios
- Remote controls

Ingredients

Zinc-Manganese Dioxide (Zn/MnO₂) .
No added mercury or cadmium.

Directions

Check if the device is compatible with the battery format.
Obey the polarity and insert correctly (+/-).
When the batteries are empty replace all of them at the same time (do not mix old and new batteries).
Mix only with alkaline batteries (not with other types and rechargeable batteries).

Main specifications

Chemical System; Alkaline
Nominal Voltage; 1.50 V
Average Weight; 11.0 g
Nominal Capacity; 1150 mAh

Warning

Do not recharge.
Do not dispose of in fire or disassemble.
May explode, leak and cause damage.
Do not dispose the battery in normal household waste.
Keep away from children.

Battery Format

IEC: LR03
JIS: AM-4
ANIS: 24A
Others: AAA, MN2400, E92, 4003

Certifications

Nordic Swan Ecolabel
5001 0029
